

# Hyper SUDOKU

By Peter Ritmeester

*16 Hard Puzzels*

# Hyper SUDOKU

Dear puzzler,

Puzzles are a good way to take your mind off the outside world. And each puzzle solved, no matter how hard or easy, is a small source of satisfaction in these hard times.

So here is my small contribution. I hope these free puzzles will make a pleasant diversion to pass the time through the day.

The Hyper Sudoku is a variation I developed in 2005. The rules: Insert the digits 1-9 just once in each row, column, bold outlined area AND in each gray area. *The International New York Times* first started publishing these puzzles in 2007 and is still doing so every day.

Have fun and take care,

~Peter
